

PLANET NARNIA

Thursday 2 July, 7.30pm
£3 (SO Live Friends Free)

C.S.Lewis, author of the Chronicles of Narnia, was an Oxford scholar with an extensive knowledge of 16th Century Literature.

But he also studied developments in science, and wove early theories of **astronomy** into his books.

Dr Michael Ward will explore the evidence and will be signing copies of his book 'Planet Narnia'.
